POSITIVITY PROJECT

Each week we will be incorporating different character traits into our daily lessons here at school and online classes. This week we will be exploring Bravery with our students.

BRavery
Be a Brave Hero! Bravery is the courage to do what is right, even when it is difficult or scary.

WHAT DOES BRAVERY MEAN?
Bravery often is related to courage and action in the face of danger or adversity. This courage usually involves the use of reason, faith, or understanding of the risks and consequences involved in acting. According to Aristotle and Plato, throughout the history of culture, there are two types of bravery: **physical** and **moral**.

WHY DOES IT MATTER?
Showing Bravery is a valuable trait for individuals. It allows us to stand up for what is right and to help others. A person can be brave even when they are afraid. Some people with social anxiety are afraid to leave their house and talking with people. On a personal level, showing Bravery is a valuable trait. Each person is different and has their own strengths. Bravery is a trait that is important to have. It allows us to stand up for what is right, even when it is difficult or scary.
