

Davison Community Schools

2022.23 Honors Application: 8th grade

Student Name: _____

Student ID: _____

Please consider my child for the honors courses indicated below (put an "X" in the box next to the course or courses desired). I understand that honors courses are designed to be more rigorous/challenging than the regular college preparation curriculum at DMS.

Algebra I

Geometry (must have taken Algebra I)

Honors Earth Science 8

Honors English 8

Honors U.S. History 8

This application only guarantees consideration for an honors placement. Students who were in honors courses in 7th grade are not automatically entered into 8th grade honors courses. Actual placements are determined by a team after examining student achievement data. If you would like to learn about specific information pertaining to our honors program, please visit the DMS website linked through www.davisonschools.org In the DMS quicklinks, you will find a presentation containing Honors information. Honors placement letters stating whether your child does or does not qualify for each individual honors course will be sent home in the **summer**.
